

November 2013

The **SUMMIT** Companies are pleased to share our news with clients, business contacts and friends. We hope that you will contact our firm anytime you believe that we may be of assistance with your engineering needs. Thank you!

SUMMIT Announces new location in Charleston, SC

SUMMIT is excited to announce our continued expansion within the Carolinas with the addition of a new Construction Materials Testing Office and Laboratory in Charleston, South Carolina. Company officers see the new office as a strategic and necessary move to help meet the expectations and needs of our current clientele. This marks **SUMMIT's** third expansion in 4 years and is a result of our consistent growth since our founding in 2004. **SUMMIT** has already made several key hires within the marketplace and has purchased the necessary equipment for it's newest Materials Testing Laboratory.

SERVING THE CAROLINAS

SUMMIT Donates 400 meals to those in need

Mark Fisher and Doug Curley with 400 meals loaded and ready to deliver.

For the 6th year in a row, **SUMMIT** leaders have worked to make a difference in our community by donating boxed meals to local families in need. Efforts were started by Mark Fisher, VP of **SUMMIT** Land Services with 50 meal boxes in 2007. As **SUMMIT** has grown, so has it's contribution. This year, **SUMMIT** is proud to announce that it has collected a total of 400 boxed meals which will be distributed to three churches located in Cornelius, NC, Monroe, NC and Greenville, SC. **SUMMIT** President, Doug Curley along with Mark Fisher (both pictured left), along with the rest of the **SUMMIT** staff are very grateful for the opportunity to make this donation to help those in need this Thanksgiving holiday.
